

# ASA ONLINE RANKING SITE EXPLAINED

Via the online ranking list link on the website you can get your current rankings for either county, region or nationally (this site will only show times achieved at licensed meets). There are two ways of obtaining information:

By entering in your ASA number and selecting from the drop down menus.

*(this will just show your times for all events you have done at a licensed meet, you can choose between short or long course)*

By selecting either the National, Region (South East), County (Kent) and selecting from drop down menus.

### Important dates

**Kent** 07 march  
**Region**  
 Youth - 09 may  
 Age Group - 13 june  
**National** - 31 july

*(these are the dates of last day of these galas (for 2010) – with your age on day determining what age group you swim in.*

*eg: A swimmer born on the 21/06/98 would in 2010 swim as an 11yr old in the Kents and Regionals , but as a 12yr old in the nationals, as these would be their ages on last day of these events)*
