Dear Members

Gravesend and Northfleet Swimming Club is run as a non-profit making organisation and as such when our costs increase we need to pass some of this onto our members.

Gravesham Leisure Ltd who run the facility at Cygnets have increased their pool hire costs from the 1st January 2010. Whilst we have managed to absorb some of the costs we have no choice but to increase the monthly swimming fees in order to maintain our high level of service.

It is important to note that even though we have increased our fees we are still significantly cheaper than the local council and our main competitors.

The new lists of fees are as follows:

SQUAD
